Technical Specification Data Sheet

| | |
|-----------------|------------------------------------------------------------|
| Product | Woodlands 9.0Kg Dry Chemical Powder Type Fire Extinguisher |
| Supplier | Woodlands Fire |

Product Details:

- The 9kg is the largest extinguisher in the Handheld DCP range and suitable for Class A, B or C fires, or a combination of these types.
- They are highly effective for electrical hazards. This multi-purpose extinguisher interferes with the combustion process and provides rapid fire knockdown. They are ideal for mixed fire risk environments and especially suited for the protection of liquids, storage of liquid gases and heating oils used for industry, garages and workshops.

Product Specifications:

- Charge: 9kg
- Full Weight: 13.35kg
- Empty Weight: 4.35kg
- Cylinder Length: 515mm +-2mm
- Cylinder Outside Diameter: 175mm +-1mm
- Working Pressure: 1400kPa
- Hydrostatic Test Pressure: 2300kPa
- Bursting Pressure of Cylinder: >5500kPa
- Safety Device: 2100 ~ 2600kPa
- Discharge Time: >12 sec
- Range of Discharge: 8m
